

225 NW Frontage Rd
Ft. Collins, CO 80524
888-603-7333 or 970-419-3309

Deligrass *Hybrid Sudangrass*

*Fine-stemmed,
very leafy and
fast growing*

Seeding rate:

**50 lbs per acre irrigated
25 lbs per acre dryland**

- High Yield - Posted a 31% yield advantage over Piper in a multi-year trial in the Sacramento Valley.
- Consistent Performer - Grower favorite since 2001.
- Handles Tough Conditions - Performs well under heat and drought.
- Fast Growing - Uses less water than other forages to produce multiple crops.
- Efficient Nitrogen Utilization - Responds to nitrogen and can be counted on to reduce soil nitrates.
- HARVEST FLEXIBILITY
